

POWERBLOC 80

POWERBLOC 80 Drive pulley

- ▶▶ *The POWERBLOC 80 is the latest driver pulley designed by CVTech for 2-and 4- stroke engines.*
- ▶▶ *This pulley has been developed as an alternative to snowmobilers who want maximum performance and are tired of wasting time and money on maintenance of their original pulley.*
- ▶▶ The POWERBLOC 80 stands apart:
 - 2 Year Warranty.
 - Maintenance free.
 - The lightest pulley on the market.
 - 50% less parts than competitors.
 - Fast and simple adjustment.
 - Performance without compromise, using the full engine power.
 - Good ventilation reducing belt wear.
 - Sturdy and durable.
 - Conform to high quality standards.

POWERBLOC 80 means performance and reliability all in one
